DECLARATION

The undersigned, for and on behalf of SAZKA sázková kancelář, a.s., a national member of the European State Lotteries and Toto Association, (the European Lotteries or "EL") declare to be aware of the action being undertaken by European Lotteries against the operation of the top-level domain .LOTTO.

The undersigned confirms to fully endorse those actions and that to support the underlying cause of action and the view taken by EL in those procedures. For the same reasons as those put forward by EL, the undersigned shares the view that .LOTTO should not be registered and operated as a generic top level domain (gTLD).

The undersigned stresses in particular that, in accordance with the perception of consumers in the national territory in which the undersigned operates, any website with the gTLD .LOTTO is likely to be perceived by consumers as being state-operated, regulated or licensed and is likely to be perceived as offering the same guarantees as regulated gaming in the national territory.

Delegation of the .LOTTO gTLD would therefore likely lead to misleading of consumers as to the origin of services offered under that gTLD and it may cause consumers to take a transactional decision that they would not have taken otherwise.

.LOTTO is likely to be perceived by consumers as being state-operated, regulated or
licensed and is likely to be perceived as offering the same guarantees as regulated gaming
in the national territory.

Delegation of the .LOTTO gTLD would therefore likely lead to misleading of consumers as to
the origin of services offered under that gTLD and it may cause consumers to take a
transactional decision that they would not have taken otherwise.

ANNEX 2.14mm

DECLARATION

The undersigned, for and on behalf of Entitat Autònoma de Jocs i Apostes (Loteria de Catalunya), a national member of the European State Lotteries and Toto Association, (the European Lotteries or "EL") declare to be aware of the action being undertaken by European Lotteries against the operation of the top-level domain .LOTTO.

The undersigned confirms to fully endorse those actions and that to support the underlying cause of action and the view taken by EL in those procedures. For the same reasons as those put forward by EL, the undersigned shares the view that .LOTTO should not be registered and operated as a generic top level domain (gTLD).

The undersigned stresses in particular that, in accordance with the perception of consumers in the national territory in which the undersigned operates, any website with the gTLD .LOTTO is likely to be perceived by consumers as being state-operated, regulated or licensed and is likely to be perceived as offering the same guarantees as regulated gaming in the national territory.

Delegation of the .LOTTO gTLD would therefore likely lead to misleading of consumers as to the origin of services offered under that gTLD and it may cause consumers to take a transactional decision that they would not have taken otherwise.
